CHARTING NEW COURSES

This year's Gould grads next year will be scattered over the 48, about 65% attending college, some working, some in the service, all spreading their own particular brand of fun and foolishness. It is interesting to note that many of them have chosen Boston and surrounding territory for a home base next year, and are already making collective plans for transportation back Parents' Week-end.

The number of girls undecided as to next year's plans exceeds the boys without definite plans due perhaps to feminine inability to make up one's mind or maybe to the fact that the feminine holds majority in the class. At any rate here they are, all 68, with their next year's location. Addresses can be obtained next fall from the office.

GOULDITES OFF THE CAMPUS

Several Gouldites have journeyed from the campus recently and represented the school in some way. Perhaps you haven't heard what all of them were doing.

Brita Myhrman and Bill Hoag discussed dining out on Channel 6.

Mary Anne Myers, Paul Fossett, Marlene Marshall, Gail Waldron, Al Barth, Frank Flint, and Joan Conner recently competed in a competitive chemistry exam at Bates as a team from Gould.

Iva Rugg was one of five students to win state office for their section of the state at the Future Homemakers Association State Convention in Gorham.

Gould choir members sang in the Sacred Concert held in West Parish Congo Church.

Carter Taylor took part in the Spear Prize Speaking Contest.

Lee Carroll and Carter Taylor participated in the State Science Fair.

Nancy Harmon and Dale Stevens took part in the Oxford County Prize Speaking Contest where Nancy took first place in the humorous division.

The Girls AA and letter winners held their annual picnic at Hastings' camp at Lake Umbagog.

tables and toothpicks from from which they were to construct the teacher whose name they had drawn. The penalty for not constructing him well enough for the other members to guess correctly was a doubling in the lake, but the sculptors did an admirable job and no one got doused.

Boating, swimming, singing and a delicious meal took up the rest of the time.

New members elected to the society are William Daley, Carter Taylor, Pat Allen, Nesta Gordon, Jane Smith, Lionel Coulombe, Donna Anderson, Mary Hewitt and Marlene Marshall.

Oh! When The Saints Come Marching In!

Now that you are settled in your gymnasium seat waiting for the class day program to begin, you will find here a brief outline and list of feature attractions to take in over the commencement week-end.

First of all with Dick Onofrio acting as a reporter interviewing a few of the class of '54, you will be given some of the highlights of the senior year of the graduating class. Since this is in the form of a skit and it's just about to begin . . . here comes the class now marching into the auditorium.

Well to begin again. When the awards and presentations have been made and the recessional is over the class will be loaded into the bus for the trip to Thompson Pond. So if you are a recent alumni, you wander around and hunt up a few of your old friends.

Saturday morning make sure that you have a ticket to the Alumni Banquet. If you're a member of the graduating class, you don't need one. About noon start heading for the main building where the line for dinner will be formed by classes.

The after dinner speaker is a very interesting personage from Arlington, Mass.—Rev. John Nichol Mark. You'll really want to stick around because his anecdotes will give you quite a chuckle.

After the banquet breaks up, there's the Alumni baseball game about to get under way. Gould has put out a pretty good team this year. The old timers will have a tough job keeping pace with them.

12TH ANNUAL CAMERA CLUB EXHIBITION

With several features added to its already fine roster of annual attractions, the twelfth annual exhibition of the Gould Camera Club, timed to attract the many parents on campus at Commencement, will be held this year from June 6 to June 13. The main part of the extensive exhibit will be shown in Room 106 in Hanscom Hall; the permanent exhibit in the basement of Holden Hall will also be open to visitors; also the Club's bulletin board in the corridor of the second floor in Hanscom Hall, which is kept supplied with freshly interesting material dealing with photography during the school year, changed weekly, will be on display.

The "number one" attraction this year is a selection of beautiful salon pictures from the work of Newell Green, nationally famous for his scenes of natural wonder. One wall in Room 106 will be entirely covered with 25 or more of Mr. Green's quietly beautiful pastoral work, mostly taken in Vermont, where Mr. Green, a resident of Hartford, Conn., has his summer home. Snow scenes are among the best-known and widely recognized of this man's work.

A complete record of the Academy's activities, athletic, dramatic, musical, a display of all of the new prints made by various club members this year, and a selection of the best from past years will be spread on the huge center table, as well as the originals from which the Academy Herald cuts were ori-

Then for the highlight of the day's activities better jump into the old soup and fish coat (coat and tie please) and swing around by the gym about 8:00. You'll hear the wonderful dancing rhythms of Jimmie Hanson's orchestra. Escort your enchanting date within and behold the beautiful decorations. Well so long until Baccalaureate service Sunday morning at 10:30. The guest minister giving the service is Dr. Carl Weist, a retired New York clergyman, now the pastor in Lovell, Maine.

The week-end's climax—the Commencement Exercises—begin at 2:30 as the processional marches slowly into the packed gym. The guest speaker's position should speak for itself—Erwin B. Canham, Editor of The Christian Science Monitor.

Those of the honor students on the platform who will conduct the program are Paul Fossett, salutatorian and student chairman, the Honor Essay by Frank Flint on Public Opinion will be followed by the Valedictory Address on Propaganda by Mary Anne Myers.

The benediction by Gail Waldron, the presentation of diplomas by Dr. Walters and the recessional will close the final door on the high school career of the class of '54.

THE ROMANCE OF WORDS

The history of man, his achievements, failures, hopes, and fears; all these are reflected in his language, which is a living, growing thing. Dr. Nowland Myers, authority on languages and literature, recently pointed this out to the student body. He traced the history of some words, such as "penthouse" and "appendicitis" which, strangely enough have the same origin and were once identical, but have come to mean entirely different things in a fascinating program.

ginated.

Gayle Foster, the club's advisor, has arranged for a new feature this year; on display will be most of the equipment which produces the club's work; among these machines, so mysterious to the layman, will be an enlarger, printer, moulder, press, drying equipment, spotting equipment, printing frames, toning equipment, camera and stand together with developing tanks, and what Mr. Foster promises as "much more!" Printed placards will explain the various functions and members of the club will often be on hand to furnish further information.

In connection with the work of the Gould Camera Club it is interesting to note that the four covers of the four issues of the Maine Teachers Association magazines this year have each featured a picture of some Gould Academy student in some activity, with credit given to the Gould Camera Club, and a note on the inside cover naming the student and the activity. On the June issue appeared a fine picture of "Jerry" Davis about to hurl the discus to a new State title record some years ago.

It is emphasized that this outstanding photographic exhibition, which places Gould in the forefront of all such exhibiting institutions and of which Bethel may well be proud, is open all day and into the evening from June 6 to June 13, and a cordial invitation is extended to every Bethel man, woman and child to come and to enjoy.

BAH! HUMBUG!!

Mr. Hedley Hepworth, British actor and authority on Dickens, entertained the student body recently by presenting several characters from Dickens: Fagan and Scrooge, changing his costume to fit his act. This program was greatly enjoyed by Dickens' lovers who saw their favorite characters come to life in a skillful presentation.

THE ELITE

MEET TO EAT

The new members of the National Honor Society were recently initiated at Mr. Ireland's camp where all the members attended a picnic. Their initiation staving was a strange one; each, having drawn the name of a faculty member from a hat was given a knife, assorted vege-

Go Right!

Seniors seem always called upon to give parting advice to the underclassmen, but being seniors only once they enjoy the prestige. We really don't feel too qualified but from our own bit of experience we can offer one bit of advice, "Give Gould your all and make the most of all your opportunities."

There's hardly one senior who doesn't regret some activity he failed to get much out of, some sport he was too scared to try out for, or some person he didn't get to know. This accounts for the last senior rush when everyone tries to cram into a few days all he feels he's missed during four years.

He suddenly realizes he didn't spend enough time on the tennis court to perfect his backhand; he missed the Camera Club meeting on filters and never saw anyone about it; he didn't ever take typing and he'll certainly need it in college.

The moment we walked out of Assembly first on Friday with the rest of you singing the Alma Mater, we began to realize how much Gould had meant to us.

That's why we leave you this advice: Make the most of each day's work and play as hard as you can. When you walk out of the last assembly as a senior, you'll be glad you did.

THE SENIOR CLASS

MANUAL ARTS AND HOME ECONOMICS EXHIBIT

The annual Manual Arts Exhibit and Home Economics Tea was held Tuesday, June 1.

Many parents, teachers and friends crowded into the shop and Cottage to marvel over the extensive achievements made by each of these groups this year.

The excellent craftsmanship made Gould proud of its boys taking the Shop course.

In addition to the petite sandwiches and cooling punch, the girls directed parents and friends about the cottage showing them examples of their year's work.

Outstanding Among Us

MARY ANNE MYERS

A flash of blue raincoat seen as she slides into her seat just before the last bell—a girl clad in Bermuda shorts, her press camera in hand, taking candid shots of campus life—the girl on the stage about to deliver her valedictory address: all these describe her, our outstanding classmate, Mary Anne Myers.

Mary Anne, having been brought up on the campus, and being accustomed to all its activities, started off her high school career with a bang—joining the many clubs, being a constant member of the honor roll, and supporting wholeheartedly all school activities.

Probably the most outstanding of her activities is her successful leadership as Editor of the Blue and Gold and president of the Outing Club. Most of us little realize when we take the paper from our desks, laugh at the jokes and ferret out all the gossip how much work is put into the paper and the great deal of responsibility left up to its editor.

Although her interests are varied, she finds particular enjoyment in photography and skiing. Many a day one can see her whizzing down the ski hill on her Northlands, her stocking hat flying off behind.

During her Junior year, she was elected to the National Honor Society. Because of the help she gave in tutoring her classmates, they each know this honor rightly bestowed.

Among her other activities, previously mentioned, she had been active in sports, French Club, the Academy Herald, Camera Club, Girls' A. A. Council and the Student Council.

Next year Mary Anne plans to enter Wheaton College, Norton, Mass. majoring in history or English, aiming toward a career in journalism.

Her quotation in the year book reads, "Where there's a will there's a way." Since we consider this a fitting description, we're all sure she'll achieve her goal in life.

SPRING CONCERT

The annual Spring Concert presented by Gould's musical organizations was held May 14, in the William Bingham Gymnasium.

The band dressed in their new uniforms, played selections from Verdi's Aida at the beginning with a march, accompanied by the baton twirlers at the end.

Other than the selections by the Junior-Senior and Freshman-Sophomore Glee Clubs, there was a piano duet, trumpet solo, two piano solos, a specialty tap dance and voice solo.

The Varsity Glee Club sang selections from HMS Pinafore; this was followed by Jerome Kern's stirring, Showboat Medley ending in the famous Old Man River.

JOAN BENNETT

Have you been driving thru Bethel recently? Did you swerve frantically to the curb to let a flash of maroon streak crazily by you to halt abruptly in front of the Spa? It was probably J. B. And if you stayed around a few minutes more you'd see J. B. with her gang embark again on another short but exhilarating cruise.

But in these few minutes you witness only a part of the real J. B. To catch her at the zenith of her day, you must be around for one of her nocturnal jam sessions—usually coffee, chemistry and the elite of her cohorts.

At this time of day J. B. becomes G. E. (Generally at Ease) i. e. more space than usual required in which to sit, a pencil parked strategically behind her ear while she directs the fine art of collective studying.

Or, maybe, you were trying to master the age-old mysteries of a geometry problem when you heard Joan's joyous gale of laughter from Mr. Scott's room across the hall.

Sometime during the year you were approached by Joan to give a concerted opinion for a forthcoming Blue and Gold poll. Were your mental faculties put to their utmost, your powers of reasoning strained beyond their limit, and your mind wrung dry of all thought leaving you completely exhausted?

In anything that you may have entered into on the campus she was undoubtedly there—in a rehearsal for H. M. S. Pinafore or driving a swerve over the volleyball net—this is J. B., never satisfied to be merely an onlooker, always on the ball, in there pitching, helping to get things done and enjoy herself at the same time.

X-CHANGE COLUMN

To keep their school paper on a more informal basis, some papers, like the Bangor High School Orascope, publish pictures of certain outstanding seniors when they were children. They are chosen, I would judge, on the same basis as the Outstanding Among Us here at Gould.

Whenever the Deering High School Ramblings arrives at the desk, everyone grabs it and immediately turns to the Hit Parade. Someone there is real clever to compose every month the letter made up of hit tunes titles.

The Stephens High Broadcast is full of choice bits of gossip and is very well constructed. We wonder if the sports couldn't be written up more to round out the news?

The Rectory News from Pomfret, Connecticut, has some very interesting essays. We wonder, also, if its sports could be emphasized more?

The Oushing Breeze has clear pictures and well written articles. We have admired these all year!

Every account of Washington, D. C., trips were all well written and very enjoyable.

Plenty of social affairs seem to be coming off all the time in Lancaster, New York. The Maroon Oracle covers these very well.

We wish to thank all the exchange editors for co-operating with us for the past year and for helping our paper to become better. We hope to hear more from you next year!!

Clark, you kids must have really made a night of it. Quarrel of six in the morning, Mama Mia.

Jigger has made headlines again. This time with his terrific attendance record! I'd bet that'll help in landing a job!

Well, Janie and June, you'll be losing them soon to Uncle Sam. Won't it be dead around here?

TO: '54 FROM: '53

Since June 14, the class of '53 has left Gould, as members of the student body, and are now G. A. alumni. Many of last year's seniors may be found on various college campuses now, or in some field of study to gain further education. Several of the fellows are already serving our country in the armed services, and a few of our classmates have, as the late Peter Marshall would say, "entered the halls of highest human happiness—holy matrimony."

September of '53 found many of us breaking into new routine of study and building friendships with new acquaintances. At first we missed Gould, the friends, the faculty, and we'll probably always hold fond memories of our many experiences there.

Besides the memories, we certainly appreciate the fine preparation we acquired. It seems, as life goes on, there is less and less time in 24 hours. At any rate, we find more and more to take time, and one of the biggest problems we face, is making good use of it. Knowing how to study, presents no problem because we had superb training, but finding the boundary between work and pleasure is sometimes hard. Here we definitely need to practice a little self-discipline and learn to choose our extra-curricular activities with care.

On the whole, we really like our new life and surroundings and the feeling that we can cope with responsibilities we never had before. We still, at times, wish we were back at Gould and are very proud to be graduates of such a fine school.

To the senior class of '54 we extend our best wishes and good luck!

The Class of '53

UNDER THE CUPOLA

The three "lower" classes chose rooms the other night with Mr. Scott officiating. The freshmen are finally moving upstairs, up into the ranks of the elite.

As everyone knows, senior tables have started and will continue through graduation. They are a lot of fun—coffee, tea, and all.

A hot rivalry between the teams of Pettapiece, Barth, and Goodrich has developed. A running score, percentage, and team standings is computed by one of the boys. May the best one win and let's keep it friendly!

A water pistol uprising was quickly quelled by the prompt action of a man on duty a few days ago. Certain factions had been smuggling arms into Holden Hall, but when the plot was discovered, they were confiscated by the forementioned action.

He who lives by the sword, Jim, shall die by the sword. Al really nailed you!

What a bunch of photographers we have around here. Those were some candid, J. B. and Jeri.

Every year we all come back from the AIA picnic sick for two days. I wonder why. How much cake did you eat, Marlene?

Weh, the chemistry students have finally found their unknowns, although a few of them had to risk eating them to find out. How was the MgSO₄, Hughie?

The seniors made a pretty poor showing against the juniors; well, they are seniors born—

With all the hard use the yearbooks get, being passed around for everyone to autograph, it's a wonder they last until graduation!

Was that a blond bear who appeared unexpectedly at the bike hike?

Those gym suits just about made it, I guess. What a color scheme some of them made with all colored patches.

All Diamond Victories!

GOULD BLASTS FRYEBURG

In a game started under threatening showers Gould defeated Fryeburg 22-0 behind the shutout pitching of Howard Rolfe. Pitman started on the mound for the losers and was relieved by Durgin after seven innings.

Gould scored in every inning getting one run in the first when Melville walked, advanced to second and third on two passed balls and scored on Corey's single through third.

In the second inning they added another run when Rolfe singled and reached second on an error, advanced to third on a passed ball and scored on Chase's pop up that fell in for a hit.

Gould got two more in the third and one in each of the fourth and fifth innings and five in the sixth. The biggest inning came in the seventh when Gould scored six. Melville homered. Rowe doubled down third base line and Corey walked. Daley singled to center scoring Rowe, Corey scoring on wild throw. A passed ball scored Daley and Merle White walked. Chase singled through the hole scoring White who had advanced on a passed ball. Chase also scored on a passed ball. Another big inning in the eighth when five runs were scored making twenty-two runs for Gould.

Chase was big man with the bat getting six for six and Howard Rolfe who turned in a three hit shutout made the best performance, giving singles to Sanborn, Helsman, and Hammond.

GOULD MAKES IT TWO OVER MEXICO IN RAIN

In a game that was played in an almost constant drizzle on a wet field, Gould defeated Mexico seven to four having beaten them twenty-two to one in their first game at Gould. Howard Rolfe started for Gould and went for one and a third innings, then being relieved by Merle White who finished the game, which was called with one out in the bottom half of the sixth making the game only five complete innings.

Gould grabbed a two run lead in the top of the first when Rowe singled and stole second. Melville walked and stole second Rowe, going to third. Corey popped to third and then Burnham singled scoring Rowe and Melville.

Mexico scored one in every one of the first four innings. Blanchard scored two of their four runs. In the first, after he had singled, he scored when Viger and Bordeaux singled behind him. Campbell scored in the second after he had singled and Blanchard scored again in the third after he reached on M. White's error. In their fourth Brown reached on Budge's error and scored on singles by Viger and Horne.

Gould got two more in the second when Gene White singled, Rowe tripled and reached home when the catcher Bordeaux dropped the throw to plate. They got one more in the fourth and two in the fifth when Rowe again tripled scoring Merle White and Gene White, both having walked. White was the winning pitcher and Brown was the loser.

Rowe's two triples were the big blows of the day.

GOULD CHECKS NORWAY

On May 15 Gould won a game with Norway at Gould 17 to 1 behind the six hit pitching of Howard Rolfe, the winning pitcher. Dyer, the loser, started for Norway and was relieved by Guilford and Greenleaf.

In the first inning Gould started the scoring, Melville walked with one out. Corey singled and a passed ball advanced them to second and third. Burnham walked. These scored when Gene White reached second in Hacker's error. Fossett singled scoring White. They got two more in the third making six.

Gould's big inning came in the sixth when they scored seven runs on a single, three doubles, and Phil Rowe's home run with one on. They got four more in the seventh ending their scoring for the day.

Norway's lone run came in the sixth when Dyer singled, How walked, and Ahonen singled.

GOULD SLAPS ST. PATS

In their first home game of the season after winning two Gould took on the spirited team of St. Pats High in Berlin. Mead started, went five innings, gave way to Merle White and Howard Rolfe who finished the game, and got credit for his team's ten to seven win.

Gould started the scoring in the first inning with five runs. Rowe walked and Melville followed doing the same. Gene White doubled scoring Rowe and Melville. Budge singled. Fossett reached on an error by the right fielder and White scored. Mead, Pete St. Lawrence and Rowe singled scoring Budge and Fossett.

St. Pats scored two in the second when Labre who doubled and Rano scored.

Gould's next talks came when they got two in the third and then they didn't score until the ninth when Burnham tripled and scored on Gene White's single. Corey then homered over the left field fence, his first of the year scoring White ahead of him. This gave Gould their ten runs of the game.

The boys in green kept scoring getting two in each of the fifth and sixth innings and one in the ninth making them seven. Corey's homer and Burnham's long triple were the big pokes of the game.

GOULD WALLOPS SOUTH PARIS

On May 24 the Gould baseball team was host to the South Paris nine in a game which was the determining factor in the outcome of the league. Huotari started for Paris, Howard Rolfe getting the nod for Gould who won 16 to 8.

Gould started the scoring in their half of the first after Huotari walked three men a passed ball scored one and he threw wild attempting a pick-off at third, scoring another run. Gould got two runs in each of the next innings and had what seemed a sizeable lead.

Paris had their big inning in the third when Huotari walked; Leblanc and Jackson singled; Bryant walked scoring Huotari. Al Snow then lifted the ball into the trees high over the left field fence for a grand slam, the score standing Paris 5 and Gould 4. Paris's scoring ended for the day when they got three more in the eighth.

Gould added one in the third to tie it up and two more in the sixth to take the lead. Gould with one run in the seventh and five in the eighth went way out in front, holding Paris in the top half of the ninth to win. The big blow of the day was Al Snow's grand slam homer in the third.

GOULD DOWNS FRYEBURG

After a short vacation Gould returned to baseball and won another game by a score of 8 to 2 from Fryeburg. Gould started with-a-bang by getting a pair of runs in the first inning and filtered six more over the plate throughout the game. Curt Mead, the winning pitcher, started for Gould and went the route. He struck out nine batters and walked very few. Mead's good control and fine fielding helped him out of trouble many times during the course of the game. Besides his hurling ability, Curt hit the ball hard and he was a very dangerous man at the plate.

The leading batter for the day for Gould was Melville with three hits for four trips to the plate.

Kiesman, the pitcher for Fryeburg, knocked in the only runs for them when he banged out a long triple in right center field. 2 Bh—Corey, McAllister; 3Bh—Melville, Kiesman (passed ball), Blake 3; DP—Corkum to Fossett, Harvey to Burnell, Mead-White to Corkum; HBP—by Kiesman (Rowe, M. White); Balls—Mead; SB—Melville, Rowe 3, White, M. White; E—Rowe, Daley 2, Corkum, Durgin 2, Sanborn, Kenerson, Blake.

Cinder Combine Grabs State Crown For Second Straight Year

The Husky track and field athletes won their third state championship in the last four years on Saturday, June 5, and in doing so retired the Colby trophy. Gould's 42½ points placed them well above the other 12 Class M schools, while Bangor and Wells picked up the championship in their respective classes.

Dick Trimback stole the show by posting three victories in the batting. He won the broad jump, 100 yard and 220 yard dashes. Capt. Skip Pettapiece hurled the javelin 145 feet 9 inches to nail the blue ribbon in that event. Jimmy Murphy sprinted to a 440 yard dash victory and Rolfe Blood dashed the 880 for a first.

The Gould squad and coaches should be congratulated on another successful season on the cinder track.

Other finishers in Class M: third, Thornton Academy 21½; fourth, Skowhegan 21; fifth, Kennebunk 17; sixth, Farmington 15½; seventh, Crosby of Belfast 10; eighth, Ellsworth 9; ninth, Lawrence of Fairfield 8; 10th, Fryeburg Academy 7; 11th, Brewer 5½; 12th Rockland 5; and 13th, John Baptist 2.

The Class M summary:

HUSKIES RETAIN COUNTY TRACK CHAMPIONSHIP

A well balanced Gould track team repeated its last year's history and copped the county track meet at Fryeburg. The Blue and Gold totaled 55.7 points over runner-up Stephens High of Rumford's 44.1 points. Fryeburg Academy, with 37.2 points, placed a close third and Mexico came in last with 6 points.

Dick Trimback proved to be the outstanding runner of the day as he took three firsts and a second. Trimback won the 100 yd. dash, the 220 yd. dash, tied for first in the 180 low hurdles and took a second in the broad jump. Teammate, Captain, Skip Pettapiece took two firsts, the javelin and the shot put and a second in the discus.

Roy Payne, running for Fryeburg, provided a highlight in the meet when he made a flash finish to move out Stephens' Clyde Kerr and established a new meet record for the mile at 4:42 seconds.

Other individual winners were Sawyer of Fryeburg in the pole vault, Snyder, Gould, the discus, Fallon of Rumford, the 440, Blood, Gould, the 880, and Zale, a first in the high jump for second place Stephens.

This win gives Gould a good chance for winning the State Meet at Waterville which they also won last year.

Totals: Gould 55.7; Rumford 44.1; Fryeburg 37.2; and Mexico 6.

440—Murphy (Gould); 2, Watson (PD); 3, Griffiths (PD); 4, Johnston (Kenne); 5, Richmond (Ells). 53.6 sec.

Shot Put—Cyr (Thorn); 2, Eveleth (Kenne); 3, Brown (Farm); 4, Horne (Crosby); 5, Staples (PD). 44 ft. 7 in.

220-Yard Dash—Trimback (Gould); 2, Post (Kenne); 3, Smith (Skow); 4, Merrill (Gould); 5, Gregoire (Thorn). 23.4 sec.

880—Blood (Gould); 2, Wing (Farm); 3, Tracy (Ells); 4, Ronco (Law); 5, Payne (Frye). 2:08.1.

Relay—Kennebunk; 2, Brewer; 3, John Baptist. 1:47.2. (Does not count in scoring).

HUSKIES SECOND IN BATES RELAYS

On May 15 the Bethel tracksters journeyed to Lewiston to defend their crown as last year's champions in Class M at the annual Bates scholastic relays. Wells easily defeated the Gouldites, winning 60½ to the Huskies' 39½. However, the Bethel boys came back strongly in the afternoon competition after Wells had grabbed an impressive lead in the morning's field events.

"Skip" Pettapiece was the local's best performer in the field events, nailing down a third in the discus and winning a blue ribbon for hurling the spear 154 feet 2¾ inches. Sam Adriance cleared the bar at 5 feet, 2 inches for a fifth place, while Dick Trimback completed Gould's scoring for the morning competition by leaping 19 feet, 11 inches and a third in that event.

The afternoon sun seemed to revive Coach Roderick's charges as they sprinted to victory twice, also garnering a second and a third. Dick Trimback, Bob Edney, Sam Adriance, and Carl Merrill combined to win easily the 440 yard relay, each man running 110 yards. Jim Murphy, Bob Edney, Howard Brush, and Carl Merrill each sprinted 220 yards in the 880 yard relay in a time of 1:40.6 and second place behind Wells. In the mile relay, the team of Bill Hoag, Fred Fanning, Ken Rafuse, and Rolfe Blood finished behind winning Wells and Wilton Ellis for a third place. In the medley relay the combine of Jim Murphy running 480, Sam Adriance and Dick Trimback sprinting 220, and Rolfe Blood's two fast turns around the oval gave the Gouldites another first place with a time of 3:56.

Wells' lead in the field events proved as unaccountable, but the Blue and Gold men came back strongly in a vain attempt to hold their crown.

RAIN HALTS TENNIS TEAM

Due to a wet spring and adverse weather conditions, Mr. Richardson was not able to get a tennis team going. Five boys reported for practice and had to work out in the field house part of the time. Jim York and Dave Gove were on last year's team and Dave Lieberman, Al Barth, and Van Gale were newcomers to the squad.

Next year York and Lieberman will be returning and more boys will be needed if there is to be a team.

STATE TOURNAMENT

TWO FOR GOULD

Gould journeyed to Dixfield to their second S. P. A. baseball tournament game and beat Dixfield by a score of 6 to 2. Melville and Mead went for Gould's pitchers. The Gould boys loaded the bases four times, but the strong Dixfield pitcher worked hard in the clutch to force out the Husky batters.

Early in the game Gould was without their Captain Dick Budge. He sprained his ankle while sliding into second base, and his fine work was missed on third base.

For Gould, Corey was the slugger of the day with 3 hits for 5 times at bat. Most of the hits during the day were singles.

The long hit of the day was a triple by Rowe in the third inning. It was a hard-fought game from the start to the finish.

Gould plays South Paris in the next tournament game and has so far beaten the Cards twice.

GOULD DROPS ONLY GAME

On Tuesday, May 25, Gould suffered their first baseball defeat in ten games to South Paris by a score of 7 to 4. Gould, who had beaten South Paris this year, couldn't seem to get rolling enough to pick up three runs which would have been enough to give them their third victory in the S. P. A. tournament. Mead, Rolfe, and Melville were the hurlers for Gould.

The losing pitcher was Melville off whom South Paris collected four runs in the sixth inning to take the lead and hold it. Martin, the winning pitcher, was the hard man of the day to hit. He had very good control and was reached

BRIDGTON ON SHORT END WITH GOULD

Gould gained a 6 to 2 Class M tournament over Bridgton in the first round on May 13 at Bridgton.

Gould opened with Southpaw Howie Rolfe while Bridgton started fastballer Harvey Deraiche. Rolfe was removed and Skip Melville took over the mound chore. Melville didn't allow a hit in six innings of pitching. His curve and fast ball kept Bridgton hitters in trouble most of the time.

Gould scored in the first on Corey's single and a double by Burnham. Burnham also got another double during the afternoon. Captain Dick Budge also carried off some of the hitting honors with his three hits for five times up. For Bridgton it was Merrill and Johns who both received credit for one hit apiece. The longest hit of the day was a triple by Merrill.
